序文セクション

デザインの世界で8年以上の経験を積み重ねる中で、自分自身を何度も驚かせてきました。自分でも信じられないような作品を生み出してきたからです。音楽制作、オーディオエンジニアリング、映像編集、絵画、ドローイング、ソフトウェア開発、シルクスクリーン印刷など、数多くの芸術表現に挑戦してきましたが、やはりデザインこそが私の最も得意とする領域です。デザインは、アーティストやビジネスオーナー、友人、家族のためにビジョンを形成し、戦略的に描く力を私に与えてくれました。創造性というものは、常に私を魅了し続けています。そして世界そのものもまた、私を驚かせ続けています。創造的な活動がもたらす可能性や機会に、私は終わりなく魅了されてきました。

この文章を書いている今現在、私はここ2〜3年間、毎日欠かさず何かを創り続けています。デザインをし、音楽を作り、思い出を築き、友情を育んできました。この雑誌は、その献身の結晶です。ここには私のアイデア、作品、そしてその背後にある生のビジョンが込められています。そして同時に、自分のクリエイティブスキルを「高い価値を持つ持続可能なビジネス」へと発展させる方法を探る試みでもあります。今の私は、かつてないほど豊かさとチャンスに囲まれています。あらゆる分野の素晴らしいアーティストと繋がり、音楽業界においても確かな基盤を築いています。たった一本の電話で、人生を変えるような機会が訪れるかもしれない——その思いが、単なる「ポートフォリオ」を超えた作品を作り上げたいという原動力になりました。

本誌は、私自身の声明であり、設計図であり、そして内省の記録です。私という存在を形作るすべてが、ここにあります。

foreword

With 8+ years of experience in the design world, I have impressed myself many, many times with pieces I couldn't even believe I created. Although I have ventured in many other mediums of art, such as music production, audio engineering, video editing, painting, drawing, software development, screenprinting, etc, Design has just always been my strongpoint. I believe design has helped my ability to form & strategize visions for other artists, business owners, friends, & family members. Creativity has always amazed me. The world itself amazes me. I've been endlessly fascinated by the possibilities and opportunities that creative work can open up. At the time of writing this, I've been creating every single day for the past 2–3 years—designing, making music, building memories, and forming friendships. This magazine is the result of that devotion. It is my way of presenting my ideas, my work, and the raw vision behind it all, while exploring how I can transform my creative skill set into a high-value, sustainable business. I am more surrounded by abundance and opportunity than ever before. I'm connected to incredible artists across every medium and have a strong foothold in the music industry. I know that with just one call, a life-changing opportunity could present itself—and that thought inspired me to create something that goes far beyond a “typical” creative portfolio. This issue is my statement, my blueprint, and my reflection. It is everything that makes me who I am.

to the reader

XLVII was created by a dreamer, for dreamers. Devoting your life to art is not an easy decision to make, but, in the discovery and creation of beauty there are rewards that far surpass the hardships. Every struggle, every late night, every moment of doubt only makes your story more profound when the world finally hears your voice. This collection is a reflection of my journey—the history of XLVII and the roots of what shaped me into who I am today. It is my story, shared in the hope that it may ignite something in you, serving as a foundation upon which you can build your own visions. Take your time with it, feel every moment, and let it inspire your next creation.

FADED DECADE THE UNDERGROUND STANDARD

FD CHAIN / FADED DECADE

Only the real ones rep the underground. "FD" isn't just a brand trademark — it's a code. A symbol carved from concrete, worn like armor. Not for clout. Not for clicks. For legacy. Built on sweat, struggle, and style — Faded Decade threads the needle between street loyalty and elevated design. It's more than underground. It's culture.
